

The Physical Plant

The school is located in Miramar, Florida in a one-story masonry structure, with 8100 square feet of space. The physical layout consists of a president's office, an administrative office, an academic office, eight classrooms, a big conference room, an exercise room, a computer lab, a media center/study hall, a break room, a recreational area with ping pong tables and two restrooms. There is also a section for the program directors, the staff and the administrative personnel. The physical plant is located the Miramar park of commerce facing Miramar Parkway for easy access. Besides having plenty of parking and being very accessible to I-75 and Florida's Turnpike, there is convenient public transportation. The parking facilities are sufficient for all students. Unusual Drivers with physical problems will be given special consideration.

The School complies with all the provisions of Section 504 of the Rehabilitation Act of 1973 where it states that any qualified, handicapped individual, regardless of handicap, shall not be denied the opportunity or be excluded from enrolling in a school program.

The physical plant has been designed taking in consideration the needs of handicapped students by providing the following: Handicapped parking and ramps, handicapped accessible restrooms, doorways, halls and aisles wide enough for wheel chairs.
