

What Students Say?

Thank you Unilatina for this learning Experience, you have given me the tools to be successful.

Adriana Montes–Colombian–ESL Alumna, 2017 Class

I have just finished level 5 of the English as a Second Language ESL program; I can write an essay without complaining, I am not afraid of speaking English in front of a lot of people, I can communicate with English speakers. I will never forget the field trips, I learned more about American, Colombian, and Venezuelan culture. Graduation is not the end, I will move to the next program of Business Administration. I want to become a business woman.

Phuong Nguyen–Vietnamese–ESL Alumna, 2017 Class

Today I feel so happy and proud of myself and of my classmates because this was a big dream that I began to have many years ago and never accomplished it until now. Today I can say that I can speak English with anybody and understand everybody. I want to show my appreciation for Unilatina International College, the project of powerful women who work hard everyday to improve and contribute to the economy of this great country. Thank you very much.

ESL Placement Level

Each student is required to take a diagnostic language test (Versant) which identifies their individual strengths and weaknesses in English. The test examines the 4 skill areas and is timed for analysis of student processing speed. According to the result of the test, the student will be placed into the correct proficiency level. In the event that a student's placement test score results indicate a level that falls between our program's courses placement description, the ESL director will provide the student with specific level assessments and will have him/her attend both a lower and higher level ESL class to gauge the best fit. After doing so, a final meeting with the ESL Director is set to determine outcome of student's experience between levels and additional assessments results.
